Re: Sponsorship Opportunity Brooklyn Youth Football/Cheerleading

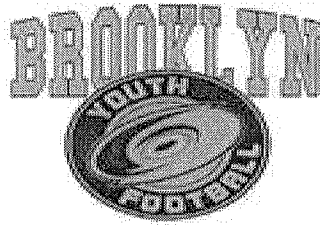

Dear Business Owner,

My name is Patricia (Patti) Gatte and I am the President of the Brooklyn Youth Football/Cheerleading Club. We are starting our third year of Little League Football for our city in Brooklyn Ohio. We are a nonprofit club, our board members and coaches are all volunteers that take the time out of their busy lives to help us out. Our Club is trying to develop young boys and girls ages 5 - 12 in football and cheerleading, so that when they are at the High School level they are better athletes. There are however many expenses connected with running the club, so we rely for funding solely on our own fundraising events with the support of our local businesses. In order to keep the programs going we are in need of sponsors. In return for your sponsorship we would of course be willing to put your Company logo on our club web site. Your company is a major presence in the city, and we feel a sponsorship would help us out tremendously. The major expenses for the club are paying costs for usage of the football field, cost of the uniforms, insurance, and fees that get us into the league. We do hope that this is something you might be willing to consider. We have provided you with further details and a full break down of the likely costs. We would welcome the opportunity to speak with you further about this. Please feel free to contact me with any questions.

Thank you for giving this your consideration.

Best Regards,

Patricia Gatte
President
Brooklyn Youth Football/Cheerleading
